PROFILE

Infrastructure and networking student focused on IT project structuring and the implementation of scalable technological solutions. Specialized in Linux systems administration, enterprise network infrastructure, and virtualization. Committed to continuous learning and technical problem resolution, with a strong interest in infrastructure operations, networking, and server administration.

TECHNICAL SKILLS

Networking

VLANs, OSPF, ACLs, NAT/PAT, DHCP, pfSense Firewall, Cisco IOS CLI, IPv4 Subnetting (VLSM)

Virtualization & Storage

Proxmox VE (KVM/LXC), Snapshots, RAID configurations, VMware Workstation, LVM

Systems & Monitoring

Linux (Debian, Ubuntu, Fedora/Arch-based), Docker, Wireshark, Nmap, SSH, Zsh/Bash

Programming

Python (OOP), Java Fundamentals, Bash Scripting, PostgreSQL, Git, GitHub

EDUCATION

Universidad Tecnológica de Tijuana (UTT)

Ingeniería en Tecnologías de la Información e Innovación Digital

Técnico Superior Universitario en Infraestructura de Redes Digitales

Currently in 5th Term

Expected Graduation: 2028

CERTIFICATIONS

- Cisco CCNA v7: Introduction to Networks (*In Progress*)
- Cisco CCNA: Enterprise Networking, Security, and Automation (*In Progress*)
- IP Networking Course (*Certified*)

TECHNICAL PROJECTS

Nexus ERP / Fénix Hospital Infrastructure

- Developed a medical appointment and pharmaceutical inventory control system following IEEE 830 standards.
- Implemented backend architecture using Python (FastAPI) and PostgreSQL, deployed via Docker containers.
- Integrated VDI solutions for secure remote access.

Service Laboratory (Home Lab)

- Managed a Proxmox VE node for service hosting, utilizing virtual machines and LXC containers.
- Performed advanced storage management including RAID setup, LVM, and data snapshots for system recovery.
- Executed network analysis and security auditing using Wireshark and Nmap.

LAN Infrastructure Design

- Designed network topologies with VLAN segmentation and inter-VLAN routing.
- Configured virtual and physical environments using Cisco networking equipment.

PROFESSIONAL EXPERIENCE

Little Caesars

Branch Lead / Shift Supervisor

1.5 years

- Supervised daily operations and team coordination in high-demand environments.
- Managed inventory control, cash handling, and rapid incident resolution during shifts.

LANGUAGES

Spanish: Native

English: Intermediate (B1) - Technical Reading
